

UKRAINE – 2022

Putin of Russia has done it again
Bringing death and destruction upon poor Ukraine.

First it was Grozny (he levelled the place)
Then grabbed a chunk of Georgia.
Syria's dictator was about to be pushed
Putin indulged in slaughter.

Viktor Yanukovich (a corrupt politician)
And Putin's man in Ukraine
Was given the boot in 2014
A fact that was never forgiven.

Putin's response was to annex Crimea
The germ of a more vile idea.

Pro-Russian thugs in the east of Ukraine
Were armed to the teeth by the Russians.
They started a war in Luhansk and Donetsk
And shot down a civilian plane.

Then they invaded with missile attacks
From the North and South and East
With indiscriminate bombing
Their destruction never ceased.

The western nations responded
To give Ukraine assistance
With food and arms and money
Their resolve was very persistent.
